1952 - The first modern motorized car was introduced.
1953 - The first modern motorized car was introduced.
1954 - The first modern motorized car was introduced.
1955 - The first modern motorized car was introduced.
1956 - The first modern motorized car was introduced.
1957 - The first modern motorized car was introduced.
1958 - The first modern motorized car was introduced.
1959 - The first modern motorized car was introduced.
1960 - The first modern motorized car was introduced.
1961 - The first modern motorized car was introduced.
1962 - The first modern motorized car was introduced.
1963 - The first modern motorized car was introduced.
1964 - The first modern motorized car was introduced.
1965 - The first modern motorized car was introduced.
1966 - The first modern motorized car was introduced.
1967 - The first modern motorized car was introduced.
1968 - The first modern motorized car was introduced.
1969 - The first modern motorized car was introduced.
1970 - The first modern motorized car was introduced.
1971 - The first modern motorized car was introduced.
1972 - The first modern motorized car was introduced.
1973 - The first modern motorized car was introduced.
1974 - The first modern motorized car was introduced.
1975 - The first modern motorized car was introduced.
1976 - The first modern motorized car was introduced.
1977 - The first modern motorized car was introduced.
1978 - The first modern motorized car was introduced.
1979 - The first modern motorized car was introduced.
1980 - The first modern motorized car was introduced.
1981 - The first modern motorized car was introduced.
1982 - The first modern motorized car was introduced.
1983 - The first modern motorized car was introduced.
1984 - The first modern motorized car was introduced.
1985 - The first modern motorized car was introduced.
1986 - The first modern motorized car was introduced.
1987 - The first modern motorized car was introduced.
1988 - The first modern motorized car was introduced.
1989 - The first modern motorized car was introduced.
1990 - The first modern motorized car was introduced.
1991 - The first modern motorized car was introduced.
1992 - The first modern motorized car was introduced.
1993 - The first modern motorized car was introduced.
1994 - The first modern motorized car was introduced.
1995 - The first modern motorized car was introduced.
1996 - The first modern motorized car was introduced.
1997 - The first modern motorized car was introduced.
1998 - The first modern motorized car was introduced.
1999 - The first modern motorized car was introduced.
2000 - The first modern motorized car was introduced.
2001 - The first modern motorized car was introduced.
2002 - The first modern motorized car was introduced.
2003 - The first modern motorized car was introduced.
2004 - The first modern motorized car was introduced.
2005 - The first modern motorized car was introduced.
2006 - The first modern motorized car was introduced.
2007 - The first modern motorized car was introduced.
2008 - The first modern motorized car was introduced.
2009 - The first modern motorized car was introduced.
2010 - The first modern motorized car was introduced.
2011 - The first modern motorized car was introduced.
2012 - The first modern motorized car was introduced.
2013 - The first modern motorized car was introduced.
2014 - The first modern motorized car was introduced.
2015 - The first modern motorized car was introduced.
2016 - The first modern motorized car was introduced.
