Important request by Elaine Minga, Program Chair. At the March meeting we will be creating oyster trees. Please gather 35 oyster shells to create your tree. They should have a rather flat back in as much as possible. You may ask your favorite restaurant to give you discarded shells or order on Amazon.

Google instructions as to how to clean. The tree shaped cone and pedestal will be provided for you.
Thanks.

Dear Fellow Flower Lovers,

What a great time of year to be a gardener! Highs in the low 80's & lows in the 50-60's. I spent the day touring a new neighbor's garden & came home with cuttings of ground orchids plus bronze spotted lily seeds. She returned the favor by touring my garden, leaving with cuttings of frangipani and coleus. Just think, there are 49 of us in Rio Lindo Garden Club who love gardening. Mind boggling possibilities! Thanks for all you do to make Rio Lindo Garden Club a great one. It's so good to be with you, learning & growing together.
