

Rio Lindo Garden Club

The Rio Lindo Garden Club of Port St. Lucie and River Park will meet Monday at the Port St. Lucie Community Center on Prima Vista Boulevard, starting at 12:30 p.m. with refreshments. There will not be a workshop.

All members should plan to attend as there will be election of officers for 1986-87. It is your last chance to make your reservations (and pay) for the installation luncheon at the Martin Downs Country Club May 5.

The program will be by Mahlon Cline, a widely known art director, designer, artist and educator, who will paint a flower arrangement made by club member, Grace Belsky. Cline taught and directed at Pratt University for 30 years. He is a landscape, seascape and floral painter and has a large number of oils and watercolor paintings in private collections and has received awards for outstanding merit and has exhibited in one-man shows throughout the country. His club memberships include Society of Illustrators New York; Art Directors Club New York; Florida Watercolor Society; Elliott Museum Stuart and Lighthouse Gallery Tequesta. He teaches at Lighthouse Gallery. He is the husband of our past president, Betty Cline.

All those interested in Garden Club activities are welcome to attend our meetings and join our Club.

GREG BECKNER / Miami Herald

Imitating nature

Mahlon Cline, retired art professor from Pratt University, Long Island, N.Y., demonstrates artistic technique by doing an oil painting of a floral arrangement at the Monday meeting of the Rio Lindo Garden Club at the Port St. Lucie Community Center.
