

# Regular Monthly Meeting - Making Flower Arrangements Awards

May 23, 2022

Port St. Lucie Botanical Gardens  
Port St. Lucie, FL

We had a great time making flower arrangements for National Garden Week. Stephanie Alessandrini Giarraffa (below) led us in a step-by-step demonstration. We made over 20 arrangements which were delivered to Port St. Lucie city offices and nursing homes, libraries, etc.

Colorful Mexican  
Fiesta – Thanks  
Hospitality  
Committee!

We won the District X Landscape Design Award to be given to the Port St. Lucie Botanical Gardens for the Rose Garden (top right). We received FFGC Award #14 for our website – which now includes a complete history of our club since its inception in 1960 (bottom right). We also won an NGC/Ames Tool Grant in the amount of \$207.40 for use in the PSLBG Rose Garden.

L to R, President Karen York, Rose Garden Chair Anne Nourse, Darlene Enzian and Joleen King – Awards Committee, and Awards Chair Illona Christie. Thanks for making us successful award recipients!

A BIG THANKS to Illona Christie (pictured left) for all of your hard work keeping us on track and organized. Illona has been a member of our club since 2010, and serves as 2<sup>nd</sup> Vice President. She has also been a former Co-President and has contributed many hours of work to our fund raising, Rose Garden upkeep and awards committee chair, to mention a few activities. Not to mention, she has become a valued friend to many of us, including Joleen King, also pictured.

## Appreciation Awards

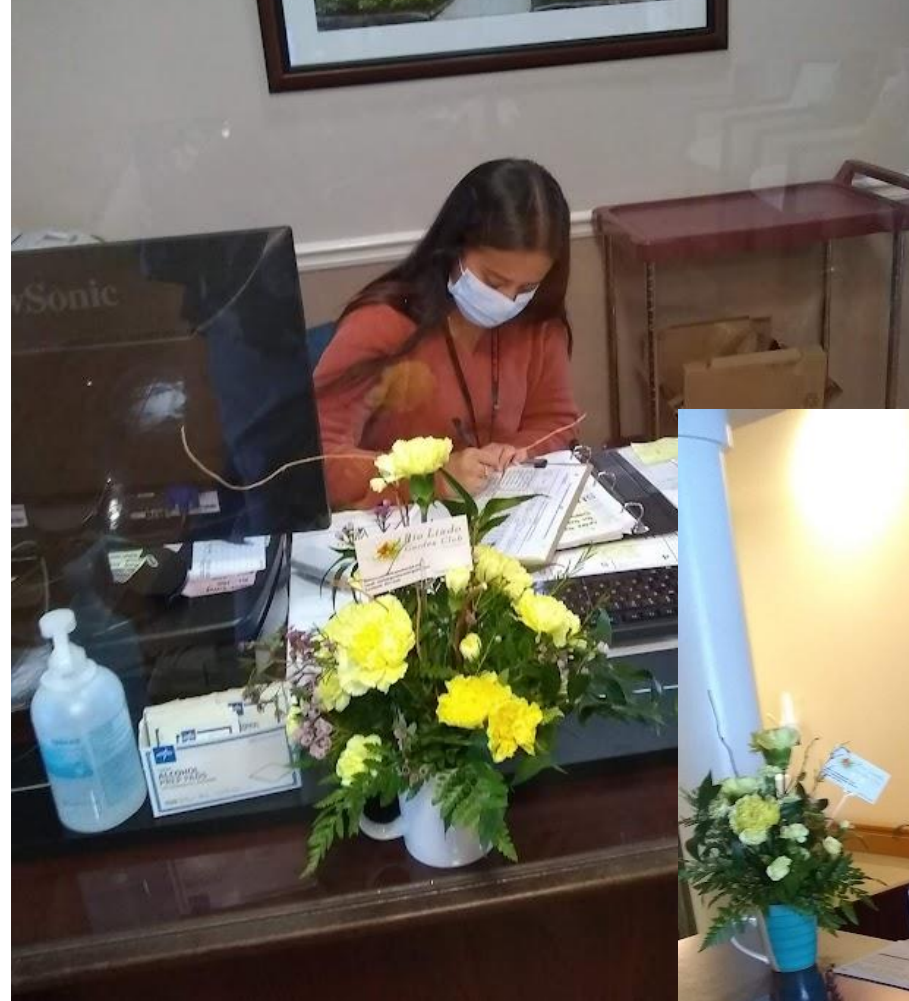

Two awards were presented by Anne Nourse, Rose Garden Chair, to Elaine Minga, former President (above) and Joyce Roselli, Newsletter Editor (right) for their help with the Rose Garden at PSLBG. Thanks ladies.

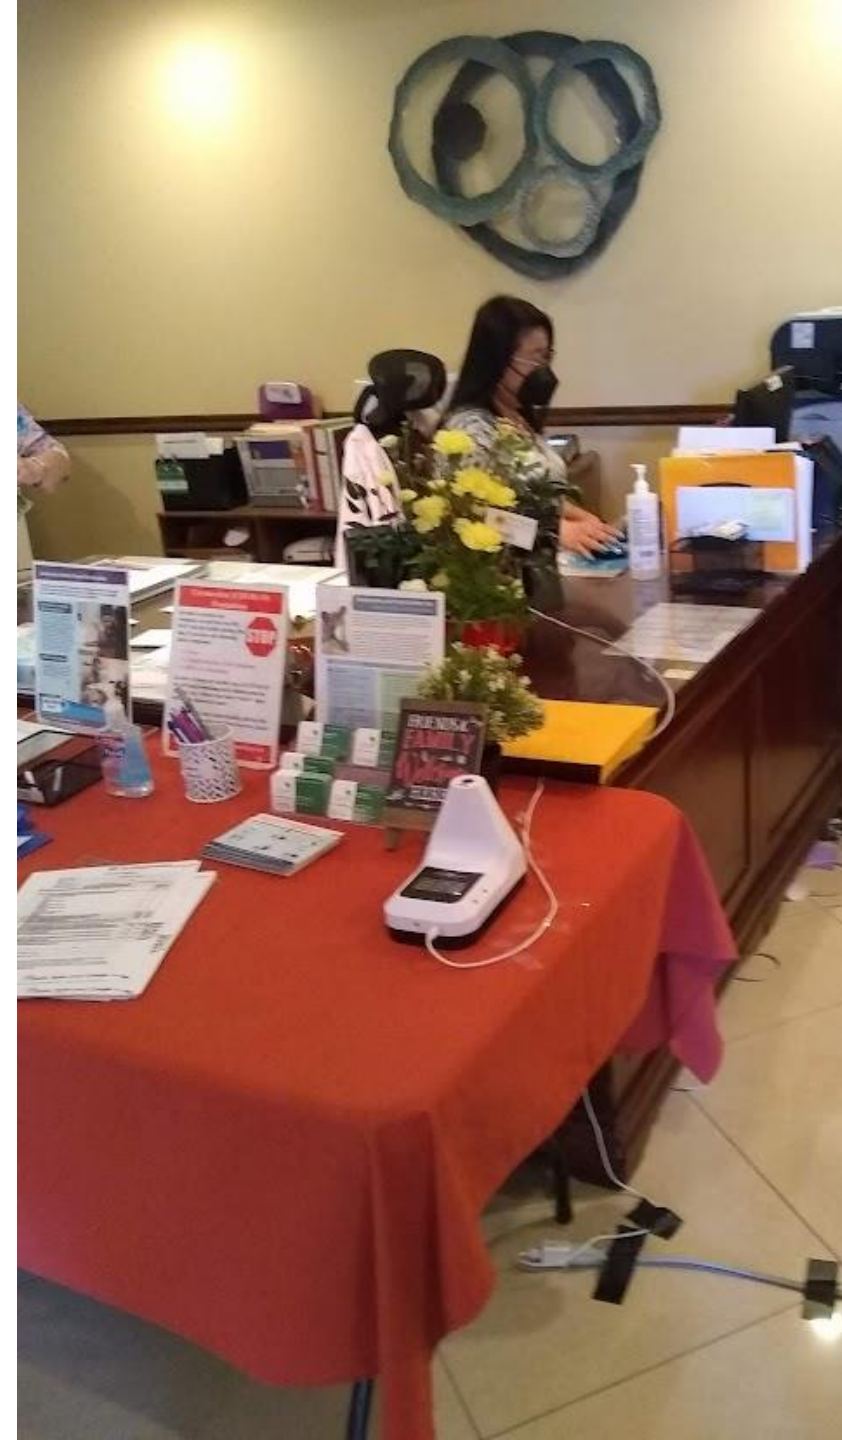

Some  
happy  
recipients.

More Recipients!

More Happy Recipients!

After the meeting, several of us delivered the arrangements around the City. This is the delivery to Fire Station #4. They look happy! (Don't know who took this photo, but Thank You!)
